## Construction begins on Cargill office building

DAVE GALLAGHER / THE BELLINGHAM HERALD

---

Construction has begun on a new office building for Cargill.

The 7,000-square-foot facility is being built at 5200 Industrial Place, in the Pacific Industrial Park north of Wilson's Furniture. Credo Construction is the general contractor on the project, while SYB Holding Co. is the developer of the site. Credo is using the Hi-Tech Tilt system, a concrete tilt-up method of construction that will have a brick exterior, said Clarence Kobes of Credo.

Cargill is expected to be in the new facility by March.

Cargill is an international producer and marketer of food, agricultural, financial and industrial products and services. Founded in 1865, the privately held company employs 138,000 people in 63 countries. It has a feed and grain facility at 5744 3rd Ave. in Ferndale.
