CREDO CONSTRUCTION EARNS 5-STAR CERTIFICATION

Posted By: Linda Twitchell / Topics: [Press Releases](#), / [Back To News](#)

Congratulations to Credo Construction for receiving Whatcom County's second 5-star Built Green® certification, for owner Clarence Kobes' home on Northwood Road in Lynden! Special features include an ICF foundation, geothermal radiant heating system, and polished concrete floors. High-efficiency materials including energy-efficient windows and insulation values. The 4,715-square-foot home, which has four bedrooms and an attached double-car garage, was built on an infill site with attention to preserving existing landscape features. As required in the Built Green® program, the home is Energy Star® approved.
