

"CREDO DID A GREAT JOB..."

Maple Fuels General Store & Deli

Store Expansion and Remodel

Maple Falls, Washington

...of managing the project and keeping it on time. They were ahead of the curve at every stage to ensure that no interruptions occurred. The project consisted of adding square footage to an already existing and operating general store. It took 4 1/2 months start to finish, which allowed us as business owners to open the store and begin selling. Most importantly, the store is getting rave reviews from customers."

-Jeff & Bethnie Morrison, Owners
