To Whom It May Concern:

From 2014 through 2017, Credo Construction was contracted to perform an extensive upgrade for the former Best Western Plus Lakeway, Bellingham, WA, to what is now the Four Points by Sheraton.

The multiple phases over this 3 year period started with a complete renovation of the Lobby & Café, followed by the Pool area, skylights and complete renovation of 132 Guest rooms. Other areas included the Office & Fitness area, Conference Center, Meeting rooms, Back of house, Installation of FF & E, and lastly, the remodeling of the B-Town Kitchen Restaurant.

During the entire renovation process, the hotel remained fully operational, and Credo personnel took great pains to ensure that inconvenience to guests & staff was as minimal as possible.

I would like to emphasize the professionalism Credo displayed at all times, and there is no question that they are fully equipped and willing to tackle the most challenging of jobs! Their supervision and workmanship were excellent! Especially important to mention is that Credo was reliable, remained on schedule and within budget.

Credo has a great staff that are experienced and courteous! We are completely pleased with the excellent quality of our Hotel, and the cooperation & consideration shown to us by all Credo personnel & subcontractors. I would highly recommend Credo Construction for any Hotel rehabilitation work of any kind without reservation!

Thank you to Credo Construction for a job well done!

Sincerely yours,
