

DEER CREEK CONDOMINIUMS

CONSTRUCTION: DAMAGE RESTORATION
LOCATION: BELLINGHAM, WASHINGTON

Deer Creek Condominiums - a 4 unit building struck by a 120' fir tree. Two units were completely destroyed and had to be fully rebuilt. Structural Engineers were brought in immediately and tree removal began.

DAMAGE RESTORATION

Structural engineers were brought in to access the damage, while tree removal, and debris removal began immediately.

BUILDING ENVELOPE

As part of the renovation process, structural frameworks and reinforcements were replaced, while new window, flashing, siding, and paint were applied.

5-MONTH REBUILD PROCESS

Credo worked directly with insurance providers, accelerated the permitting process, purchased supplies, materials, and completed the work within a 5-month timeframe.
